Mr Timothy Healy
K.C.H. Fuel
45 Lower Fairview Avenue
Dublin 3

8th May 1996

Dear Tim,

You commenced supply of "Dipetane" Fuel addition to Dairygold on 3/1/95. Our mechanic reports that since using "Dipetane" the engines are much cleaner. Also when our trucks are sent for D.O.E tests we are getting test results for below the 3.00 maximum limit.

	<u>1995</u>	<u>1996</u>
88 WW 167 Ford Transit	2.80	1.80
87 C 9097 FH Hino	2.45	1.48
93 C 9570 Volvo	2.10	1.36

The D.O.E. Centre was most impressed with the Smoke/Emissions Tests on our vehicles and enquired as to what we were using to get such excellent results. We believe that "Dipetane" was the major contributor to these results.

Yours sincerely,

Jimmy McKeon.
